Every home should have a staple white dinner service, but with its chic curves and numerous serving combinations this new porcelain 'Urban Nature' range by Villeroy & Boch goes beyond basics. The stand-out piece? A sculptural arched dish (below left) that works with other elements to take you from breakfast to an elegant dinner, and all while creating a striking table display!

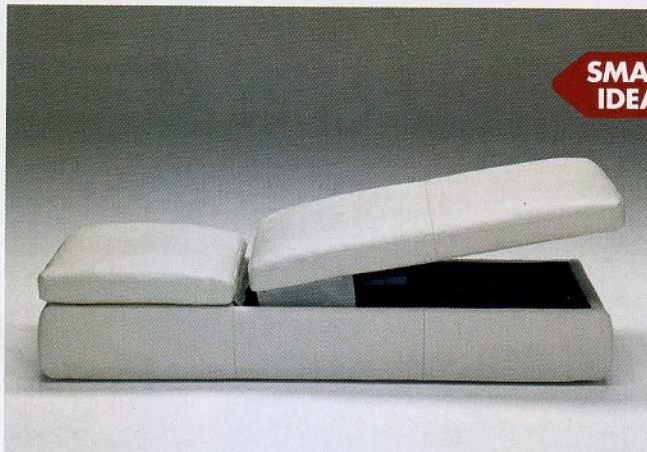

From top Porcelain cups and plates, from £13.50; serving dish, from £23.95; small plate, £6.95; arched dish, from £14.95; coffee/teapot, from £59, all from the 'Urban Nature' collection, Villeroy & Boch (020 8875 6060; www.villeroy-boch.com)

Online store Bemz, which sells custom-made slipcovers to update tired sofas and chairs (including Ikea models past and present), now stocks a collection for dining chairs, too (www.bemz.com)

Hide 'n' chic
