16 SELTEX
SELTEX SELECTOR

The new Seltex Selector features a range of high-performance fabric-backed vinyl wallcoverings that are fire-rated to UK and European standards for the contract market. Many of the latest designs are from a growing range of sustainable wallcoverings, which come with a minimum 20% recycled content made possible with the exclusive Second-Look technology.

17 ZOFFANY
TRADE ROUTES

Zoffany's latest launches bring new life to historical documents with collections that range from 18th century China Blue block prints recreated as sumptuous weaves, to botanical prints and paisley shawls reinvented as wallpapers. The collection includes Trade Routes, adapted from an antique map engraving. It is available in three colourways including metallic silver.

18 JOCELYN WARNER
CASCADE

To celebrate its tenth anniversary, Jocelyn Warner has launched three new wallpapers, each in five colourways. The new collection, which carries Warner's hallmark larger than life botanical themes, includes Cascade, climbing stems with erupting blossoms intertwined with leaves that cascade down the wall.

19 JOHN BOYD
HORSEHAIR FABRICS

At Decorex, John Boyd exhibited its Selle II horsehair linen weaves together with some recently added colours to its collection of horsehair upholstery fabrics. Pictured are screen coverings at the Ann Sophie Restaurant in the Beau-Rivage Palace, Switzerland.
